Information was gathered through a comprehensive questionnaire sent to more than 300 construction firms across Canada. Participation in the process was voluntary. *Firms declining to provide revenue information were ranked based upon their associated projects in the Reed Construction Data, Canada project news database. All other rankings are based on self-reported, 2011 gross revenues from Canadian operations, as verified by company officials. Totals include revenues from all branch operations as supplied to Reed Construction Data, Canada.
